STROLL SMART, STAY SHARP

Tips for a safe visit to the Cape Town CBD

STASH BEFORE YOU DASH

- Don't leave valuables in your vehicle in full view of passers-by.
- If you need to leave your belongings in your vehicle, be vigilant when you stash them in the boot.
- Preferably, lock valuable items in the boot before you start your trip.

LOCK & CHECK BEFORE YOU TREK

- Don't fall prey to remote jamming, a technique used to interfere with your vehicle's locking system.
- Always lock your vehicle's doors and manually check them before you walk away.
- Stay vigilant when approaching and leaving your vehicle.

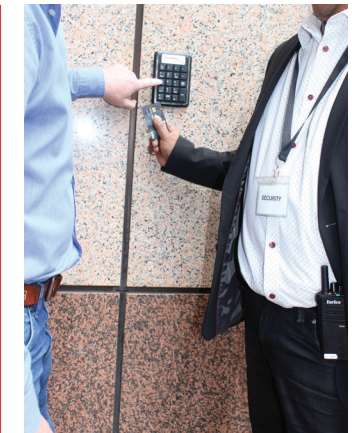

HOLD TIGHT, OUT OF SIGHT

- Don't walk with your cell phone in your hand, keep it tucked away out of sight.
- If you need to use your cellphone, step into a nearby shop or building.
- Don't flash your jewellery, especially gold chains, to avoid chain-snatching.
- Hold tight onto your bag and ensure it is securely zipped or closed.
- Don't leave your wallet or cell phone unattended on a restaurant table.

BE WISE, STAY SAFE

- You do NOT need a **permit** to walk in the Cape Town CBD. If you're stopped and told you need a permit, you're being scammed. Fraudsters pose as security guards and offer to "issue" permits. Please do not fall for it. Don't hand over your bank/credit card or punch your PIN into **any** handheld or wall-mounted numeric device. It's a scam. Walk on.
- Don't let a stranger lead or accompany you to an ATM, or distract you, for any reason.
